

## Creating Shortcuts Tutorial #20

To add shortcuts on your main desktop page, simply:

- (1) Right click on the main desktop page
- (2) Left click on “properties”
- (3) Left click on “shortcut”
- (4) The Create Shortcut page will appear. Type in the URL or left click on “browse” to select a program

- (5) To continue, left click on “next”
- (6) Type in the desired name for the shortcut
- (7) Left click on “finish”
